

Direct drive lubricated

FIMA direct drive lubricated air compressors are used both for DIY tasks and for professional applications. The Piper range, considering its robustness, due to the cast iron cylinder, the sophisticated lubrication of the parts, the efficient cooling system avoids overheating, is recommended both for the dedicated hobbyist and for the professional user. Thanks to its easy handling, this range is the perfect mate for several works. The Piper V30N line, considering its high performance, it is the top choice that this range offers.

PIPER L20 2 Hp 8 Bar

Direct drive lubricated
