

SPREADERS

480 & 1 000kg MOUNTED SPREADER

Single Disc

Double Disc

Three-point Linkage

The BPI Fertilizer Spreaders are produced in two different models: the 480kg single-disc and 1 000kg double-disc Fertilizer Spreaders, both of which are mounted to the tractor's universal three-point linkage. The Spreaders have an adjustable working width from 6m to a maximum of approximately 12m in single-disc models and 18m in double-disc models. Fertilizer spreading can be easily adjusted by means of the mechanical lever.
