

TRANSFER TRAILERS

14,18 & 21 Ton TRANSFER TRAILER

Grain Transfer

Hydraulic Folding

Unloading Visibility

Harvest efficiency is pushed to the max with a 4.5 ton discharge rate per minute. The driver has a 100% unloading visibility from the tractor's cab. Sizes range from 14 - 21 ton capacity. A sump design funnels all grain by means of an auger to the transfer case, helping to feed the discharge auger for faster unloading. The front hydraulic folding auger gives better reach to fill the grain truck and the sump can be opened manually to discharge the grain into a pit.

STOCK CODE	A14T01	A18T01	A21T01
MAX LOADING CAPACITY	14 TON	18 TON	21 TON
TOTAL LENGTH	6 300mm	7 100mm	7 100mm
TOTAL WIDTH	3 300mm	3 300mm	3 300mm
TOTAL HEIGHT	3 000mm	3 200mm	3 500mm
RIM & TYRE SIZE	850 - 50 - R30.5" (Trelleborg)	850 - 50 - 30.5" (Trelleborg)	900 - 60 - R32" (Trelleborg)
BIN CAPACITY	17.5m ³	21.5m ³	26.7m ³
APPROXIMATE WEIGHT	3 900kg	5 000kg	5 400kg
DISCHARGE AUGER	400mm	400mm	400mm
REQUIRED POWER	80kW	100kW	120kW
MAIZE / CORN	4.5 TON / min (14 TON)	4.5 TON/min (14 - 18 TON)	4.5 TON/min (21 TON)
SUNFLOWER	2.2 TON / min (7 TON)	2.2 TON/min (9 TON)	2.2 TON/min (11 TON)
WHEAT	2.2 TON / min (14 TON)	2.2 TON/min (18 TON)	2.2 TON/min (21 TON)
FERTILIZER	2.2 TON / min (15 TON)	2.2 TON/min (19 TON)	2.2 TON/min (22 TON)
DISCHARGE HEIGHT	4 400mm	4 400mm	4 400mm
